DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 20 and 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 20 and 24 contain formulas for materials used in the multilayer system. In the aforementioned formulas, the subscript "x" is used without a clear definition as to the limits of "x". Clarification is required.

Response to Arguments

3. Applicant's arguments, see pages 8-11, filed April 23, 2010, with respect to claims 16-19, 21-23, and 25-31 have been fully considered and are persuasive. The rejections of the aforementioned claims have been withdrawn.

4. Applicant's arguments with respect to claims 20 and 24 are not persuasive. Applicant has used a variable "x" in the claims that could stand for any number. The metes and bounds of the formula are not clearly set forth. As "x" is not defined, the formula could be stoichiometric, non-stoichiometric, etc. Clarification as to the range of "x" is required.

Allowable Subject Matter

5. Claims 16-19, 21-23, and 25-31 allowed over the prior art of record for reasons of record.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
